Internet for Low-Income Households

The Affordable Connectivity Program (ACP) helps low-income households pay for internet service and connected devices. Eligible households may receive:

- Up to \$30/month discount on internet service.
- Up to \$75/month discount if the household is on qualifying Tribal lands.
- A one-time discount of up to \$100 for a laptop, tablet, or desktop computer (with a co-payment of more than \$10 but less than \$50).

You can see if you qualify and apply by visiting
[ACPBenefit.org](https://www.fcc.gov/ACPBenefit.org).

Only one monthly service discount and one device discount is allowed per household. Not all participating internet service providers offer device discounts.
