Lume Cannabis Co. to launch Lume Delivery, waive delivery fees at Sault Ste. Marie store

Lume Delivery will improve accessibility, convenience for adult-use customers in the eastern Upper Peninsula

SAULT STE. MARIE, Mich. – **Lume Cannabis Co.** today announced it will launch **Lume Delivery**, its home delivery service, at its Sault Ste. Marie store on **Friday, Feb. 12**. The service will be available for adult-use customers in 16 communities throughout the eastern Upper Peninsula. Lume is waiving delivery fees on orders through the Sault Ste. Marie store to promote public health and safety during the coronavirus crisis.

“At Lume, we take great pride in offering an unmatched customer experience, which is why we are thrilled to offer Lume Delivery for our adult-use consumers in the eastern Upper Peninsula,” said **Doug Hellyar**, president and COO of Lume. “Lume Delivery has become incredibly popular in our other Michigan locations because it’s a safe and convenient way for our adult-use customers to access our high-quality cannabis products without having to leave the comfort of their home. With temperatures in the teens and windchills below zero throughout the eastern U.P., Lume Delivery gives you one less reason to venture out into the cold.”

Last year, Lume Delivery made more than 15,000 deliveries throughout Michigan and covered over 200,000 miles.

Following the Michigan Department of Health and Human Services epidemic order, Lume will temporarily accept a driver’s license or other government-issued identification cards that have expired in the previous 60 days. A delivery can be made to an address other than the one listed on the government-issued identification card.

Delivery orders can be placed online at lume.com/sault-ste-marie. To place a delivery order, customers must:

- Order at least **\$99** worth of products before tax.
- Pay with a debit card or cash.
- Select delivery upon check out and enter their desired delivery address.

Lume Delivery from the Sault Ste. Marie store will be available in the following zip codes, on the following days:

Lume opened its Sault Ste. Marie store in January following a historic partnership with the Sault Ste. Marie Tribe of Chippewa Indians. Lume plans to open additional stores on tribal land this year and next — which includes a store in Escanaba that also opened in January.

In 2020, Lume opened 11 stores throughout Michigan, introduced five new products and created nearly 350 jobs.

Lume offers more than 20 strains of high-quality Lume flower, lines of effects-based Lume Cartridges and Lume Gummies, a line of Lume-branded CBD infused tinctures, balms, body butters, and more. All Lume flower is grown and cultivated in a state-of-the-art facility in Ewart, Michigan, by a team of highly trained and experienced growers, which ensures all Lume products have consistent aromas, appearances and effects.

Lume products are produced without harmful chemicals and go through the most rigorous testing in the industry to ensure they meet the highest standards for quality and safety.

###

Lume Cannabis Company is a privately held, vertically integrated cannabis company with deep Michigan roots, committed to producing high-quality cannabis products for medical patients and recreational consumers to enjoy.

Lume also operates stores in Adrian, Big Rapids, Escanaba, Ewart, Honor, Jackson, Kalamazoo, Lowell, Mackinaw City, Negaunee, Owosso, Petoskey, Petersburg, Sault Ste. Marie, and Walled Lake, and will have 100 stores open across the state by the end of 2024.

Our Evert cultivation, which is currently 150,000 square feet, will expand to 450,000 square feet by the end of 2024. This will make Lume the leading single-state cannabis operator in the United States.
