

–You Don't Have To Be Perfect... ...To Be a Perfect Parent–

Foster Care is seen as a short term solution to an emergency situation. **Anishnaabek Community and Family Services** needs committed individuals who are:

- ❖ Willing to work with the child's birth parents
- ❖ Supportive of efforts to return the child home
- ❖ Able to work with children who have significant emotional and behavioral needs
- ❖ Able to encourage teens toward independent living

Potential foster parents are NOT required to own a home, be married, or give up their jobs to foster children. Potential foster parents may be renting an apartment or single. Potential foster parents may apply for day care payments for the time that they are working or continuing their education.

**Please contact ACFS if you are interested in becoming a foster parent:
(906) 632-5250 or (800) 726-0093**
