

Sault Tribe Board of Directors approves compensation for COVID Clinic and Testing Events

At the Aug. 17 Sault Tribe Board of Directors meeting, it was decided that all team members who worked at a Sault Tribe COVID-19 Vaccination Clinic or COVID-19 testing event would be compensated \$250 per event worked.

This applies to any team member who had a hand in these events from set up, to scheduling, to working the events and clinics themselves. These clinics have been a great success having given out 12,904 vaccinations thus far and they could not have gone forward without the help of all those behind the scenes as well as those on the front lines.

It is our strong belief that this work should not go unnoticed and we ask for your patience while we gather the information needed to assure that each individual is accounted for.
